

Anacar Motion represents the top manufacturers of electric motors, electro-mechanical actuators, robots, motion controls, power quality solutions, precision gearing, industrial computers and related products. We operate in NJ, NY, and Mid-Atlantic states.

ACCU TECH USA Automation and Motion Solutions	Linear Guides, Ball Screws, Linear Actuators, Robots	
	Controllers for Stepper, Brushless, Linear and Voice Coil Motor Controller, Integrated Motors	
	Industrial, Commercial, Embedded PC's for OEM's	
	Variety of Motors, Drives, Controls, Gearboxes and Custom OEM Solutions	
	Line/Load Reactors, Harmonic Filters, Motor Protection Filters, Custom Transformers	
	Roller Screw and Ball Screw Linear Actuators, Hexapods, Custom Actuators	
	DC Coreless Motors, Precision Planetary and Spur Gearheads, Brushless Motors	
	Precision Planetary Gearboxes, Zero Backlash Gearboxes, Servo Right Angle Worm, Cycloidal, Rack and Pinion Systems	
	AC Motors, Brushed Motors, Brushless Motors, Gearmotors and Custom Solutions	

Anacar Motion also provides custom solutions.
